## **and**

# **Medium Term Financial Strategy**

## **2024/25 to 2026/27**

This document sets out the council's Budget 2024/25 and Medium Term Financial Strategy (MTFS) to 2026/27.

It maps out in financial terms the council's journey for the 2024/25 budget and the following two years, building on the sound balanced base budget set last year and setting the delivery of the council's Business Plan.

The budget is refreshed annually to take account of any local or national changes and provides for a three year financial plan. Any review or refresh of the council's new Business Plan in subsequent years will also be reflected, incorporating any resulting financial changes. It will also be updated for changes in national and local funding assumptions, local income projections, spending pressures and any changes in savings plans.

Finally, the document sets out in detail the proposed saving plans and the estimates and assumptions used in developing the Budget and the MTFS. Those assumptions will be reviewed on a continued basis and, if necessary, amended for future years as more data and evidence on service demands and funding becomes available.

As such, whilst the budget estimates for 2024/25 have been proposed and are set, budgets for the ensuing years 2025/26 – 2026/27 are indicative only and are likely to change before the final budgets for those years are approved as part of the annual cycle. The final year of the financial plan follows the local elections and therefore any decisions for savings to manage the budget gap are not set out in this planning cycle as they will be for any new administration to direct and set.

## FUNDING ASSUMPTIONS

The Council receives its funding to deliver services in the main from local taxes, Council Tax and Business Rates. It also receives funding from Government in the form of grant. Where this grant is either ringfenced or service specific e.g. Public Health, it is budgeted for against the service it relates too. All other grants are considered core funding and are held 'below the line' in the council's 'funding' to fund the spending on services.

This section will go through the assumptions and data being used to estimate the level of funding being received for those three main funding sources.

### Council Tax

The forecast for Council Tax income is driven by two main factors:

a) The number of Band D equivalent properties, known as the 'taxbase'.

The taxbase for 2024/25 is estimated 194,423.87 Band D equivalents. Going forward, the council has assumed a collection rate of 98.9% and annual 'growth' of around 1% p.a. It is forecast that, by 2026/27, the taxbase will be 198,331.79 Band D equivalents.

b) The charge per Band D equivalent property.

The Council Tax charge 2024/25 is £1,805.73, a general rise of 2.99%, plus a further 2% levy for Adult Social Care. A total 4.99% increase on the 2023/24 charge.

Forecasts for later years of the MTFs for financial planning purposes only are based on a further general rise of 1.99% p.a. in each year from 2025/26 and 2026/27, plus the Adult Social Care levy at 1% in 2025/26 and 2026/27.

The current Government Council Tax Referendum prescribed limit of 3% for 2024/25 was announced in the provisional settlement. For 2025/26 onwards there is no confirmation of the core Council Tax referendum principles.

Also, in the settlement an Adult Social Care levy of 2% for 2024/25 was permissible for those Councils who have social care responsibilities. This must be spent wholly on Adult Social Services. No confirmation was given for 2025/26 onwards.

The table below sets out the detail on the Council Tax assumptions over the MTFs, with 2024/25 the basis of the council tax setting and future years for financial planning purposes only.

	2023/24	2024/25	2025/26	2026/27
<b>Taxbase (Band D Equivalents)</b>	193,142.94	194,423.87	196,368.11	198,331.79

The council runs a Council Tax Reduction Scheme, which supports low income households with the cost of council tax. Currently 25,600 households are supported through reductions in their council tax. This scheme has grown in importance during the cost of living crisis as it provides a gateway to other methods of financial support.

The council tax reduction scheme for those of working age is a locally designed scheme and following a review and consultation process there are no planned changes to the way the scheme is delivered in 2024/25. The council is however obliged to confirm local arrangements are publicised and that the council will continue to disregard war widow, war widower pensions and war disablement pensions for the purposes of calculating both council tax reduction and housing benefit in 2024/25.

### Business Rates

National Non Domestic Rates (NNDR) are charged on non-domestic properties such as shops, offices and factories. They are calculated using the rateable value (RV) of an eligible property and multiplying it by the appropriate multiplier. The RV is set by the Valuations Office Agency (VOA).

For the financial year 2023/24 the RV that were previously based on property market figures from 1 April 2015 were updated to reflect the property market as at 1 April 2021. The government have a package of support for businesses including a transitional relief scheme which will adjust rateable values for those businesses seeing the largest changes in their bills. It is expected that these transitional arrangements will be in place for 3 years. Government have confirmed that councils will be fully compensated for these reliefs.

The council bills all registered properties and under the current national 50:50 business rate retention scheme, the council retain 49%, the Fire Authority 1% and 50% of the business rates collected is paid over to the Government.

When the 50:50 business rate retention system was introduced in 2013/14, as part of wide changing reforms to Local Government Funding, the Government also introduced a tariff and top up redistribution system based on the overall funding baseline that was set to ensure no Council lost out or indeed profited from the new Local Government funding system.

The level of tariff following the revaluation is estimated at circa £21.5m and is taken off at source as part of the business rate mechanism, when you take this into the rate retention mechanism, the Council retains around 36% of the distributable business rates within Wiltshire.

The Government announced in the spending review that it would freeze the increase in the multiplier rate again for 2024/25 to provide continuing support to businesses. Consequently, the Government announced in the provisional settlement that it would compensate Local Government for the loss of business rates because of the freeze. It is estimated therefore that Wiltshire will receive around £12.2m in funding through a section 31 grant in 2024/25. In future years it is assumed that the multiplier rate will increase or government will continue to compensate councils for the loss of additional business rates due to any subsequent freezes.

### **Collection Fund Surplus/Deficit**

Over the past few years the Collection Fund has seen significant changes due to the economic impact of COVID-19 and the steps taken by government to support businesses and households during that period and more recently the impact of the cost of living crisis and impacts of high levels of inflation on the economy and households. Due to the mechanism and regulations significant volatility has been seen in business rates, with s31 grant funding received to compensate councils where significant deficits arise.

The declared position of the overall Collection Fund administered by the council for 2023/24 is a surplus for Council Tax of £2.666m and a deficit for Business Rates of £7.669m. The council's share of these balances is £2.256m and £3.759m respectively, resulting in an overall deficit of £1.503m. Due to the accounting regulation for the Collection Fund this deficit is funded and paid by the council during the 2024/25 financial year. Significant risk remains due to the uncertainty with the Collection Fund, particularly associated with the on-going economic impact of the cost of living crisis and continued high interest rates, any reset of the Business Rates distribution scheme and the impact of any transitional relief schemes.

The previous deficit that was funded by the monies set aside in the Collection Fund Volatility reserve over the 3 year period 2021/22-2023/24 is now fully funded and unwound, with the timing of the financial impact across the 3 years set out in the regulations set by government.

Significant risk remains with the income from local taxation, with lower than expected growth in new homes, the on-going support from government and the risk of future Collection Fund deficits and to support the mitigation of this risk for the council is transferring the balance of the Collection Fund Volatility reserve that was created in 2020/21 with the General Fund reserve which is set aside to mitigate all financial shocks, whatever they may be.

### **Provisional Local Government Settlement**

Last year, in early December 2022, the Department for Levelling Up, Housing and Communities (DLUHC), published a policy statement which included some broad

indications for the 2024/25 Settlement, but left some funding areas unknown. On 5 December 2023, DLUHC published a second policy statement which contained more indications of the 2024/25 settlement and what it would include. These statements are intended to assist local authorities with their planning, especially when Provisional Settlements are announced so late in the year.

On the 18 December 2023 the Secretary of State for Levelling Up, Housing and Communities announced the Provisional Local Government Finance Settlement for 2024/25 which provided details on the grant allocations to Councils, together with other measures aimed at supporting Council finances. The provisional settlement set out that Local Government Core Spending Power was increasing by an average of 6.5% (9.2% in 2023/24), made up mostly of increased council tax flexibilities and additional grant. Also announced was the continuation of the 3% funding guarantee, to ensure all councils saw an increase of at least 3% in their Core Spending Power.

The settlement was announced for one year only and in the main confirmed funding already announced in previous statements and also confirmed that the Council Tax referendum thresholds and Adult Social Care levy limits would remain the same for 2024/25.

Revenue Support Grant (RSG) was confirmed to increase in line with CPI inflation. The council will therefore now receive £0.606m RSG, an increase of £0.040m.

Services Grant was announced to continue however this grant has seen a significant reduction. In 2022/23 the Services Grant was £822m and in 2023/24 it was £483m. For 2024/25 the provisional settlement announcement indicates the grant is falling further to just £77m, which is reduction of £406m (84%). For the council this is a reduction from £2.342m in 2023/24 to £0.368m in 2024/25. The council has also seen a reduction in New Homes Bonus grant of £0.512m.

New funding nationally worth £1bn in 2023/24 and £1.7bn in 2024/25 was announced last year as additional funding for social care. Of that £600m and £1bn for each year respectively is distributed through the Better Care Fund, referred to as the Discharge Fund. The council is set to receive £2.393m in 2024/25 from this funding.

The remaining £683m in 2024/25 is being combined with the £162m Market Sustainability. The council is set to receive £7.976m of this Market Sustainability and Improvement Fund.

Additional funding for social care was included in Autumn Budget Statement 2022, with Local Government continuing to be allocated the funding that was intended to pay for the ASC reforms amounting nationally to £1.265bn in 2023/24 and £1.877bn in 2024/25. The provisional settlement confirmed that the council will receive in total £28.377m in 2024/25 (including the Independent Living Fund grant), which is an increase of £4.041m in line with the increase expected. These new monies have been allocated to councils through the existing ASC Relative Needs Formula equalised for the Adult Social Care levy, however the council does not receive any funding from the Adult Social Care equalisation owing to its Council Tax base position compared to other authorities.

The Rural Services Delivery Grant has been confirmed to continue with the same quantum and basis of allocation, which for the council is £3.889m.

The Council also received funding for specific service delivery from Government and these are budgeted for within the services net budget. The significant grants are detailed in the table below.

<b>Specific Grants held in the Services Net Budget Total</b>	<b>2024/25 £ m</b>	<b>2025/26 £ m</b>	<b>2026/27 £ m</b>

<b>Specific Grants In the Services</b>	<b>494.357</b>	<b>532.246</b>	<b>532.196</b>

Wiltshire Council receives the Better Care Fund contribution from the ICB (Integrated Care Board). In 2023/24 this minimum contribution was £38.175m. This will be uplifted in 2024/25, the schemes that this will be allocated to will be approved by the Wiltshire ICA Partnership Committee.

### Summary Forecast Resources

Based on the above assumptions the total core funding available for the Council to deliver services in 2024/25 is £486m.

Going forward in the MTFs it is anticipated that Government grant will remain, mainly for social care, however a level of uncertainty remains around the assumption on other government grants and quantum of funding, particularly as the settlement has confirmed funding for 2024/25 only. The additional income from council tax will see the overall resources continue to increase to £515m by 2026/27.

	2024/25 £m	2025/26 £m	2026/27 £m
Council Tax	302.623	313.190	324.076
Social Care Levy	48.453	51.999	55.687

<b>Total Funding</b>	<b>485.772</b>	<b>500.984</b>	<b>515.558</b>

This will form the basis of the Councils Net Revenue Budget and fund service spending plans over the next three years.

## SERVICE SPENDING PLANS

### Service Spending Pressures

As for any other organisation, the council experiences budget pressures as a result of inflation e.g. contractual and national staff pay awards, increasing demand for service provision and changes in legislation. The council has considered and made provision for spending pressures that are likely to materialise, totalling over £104m by 2026/27.

Some of these pressures have been reported during the budget monitoring of the current 2023/24 financial year and require base budget funding so are built into the budget as prior year inflation pressures. The vast majority of these pressures are expected to arise based on the current assumptions and estimates including nearly £17m of contractual inflation and £7.8m of pay inflation, and additional demand of just over £7m in 2024/25.

### Pay inflation

Pay inflation includes the national pay award. In 2024/25 £7.8m has been budgeted for the pay award for 2024/25, which is current estimated as a 4.5% increase. The following two years pay awards have been estimated at 2.5%.

In line with the budget assumptions in 2023/24 a 6.5% vacancy factor continues to be applied to all services and included within the 2024/25 base budget.

### Contractual inflation

The total contract inflation arising over the next three years is estimated to be circa £41.3m, with £16.7m estimated in 2024/25.

The Council budgets for inflation based on the indices that those supplies and services are contractually linked to. For strategic budget planning purposes, we look to hold this to Consumer Price Index (CPI) but specific contracts will have different indices aligned to them, and as the approach towards inflation management within contracts varies across the organisation, actual pressures identified by services uses those inflation indices identified.

The majority of contracts are linked to CPI and the council uses the Bank of England (BoE) forecast issued in November of the preceding year to estimate the CPI rate. The

chart below is an extract of the CPI inflation forecast issued by the BoE in the November 2023 MPC report.

Given the continued high levels of inflation above that anticipated, the significant level of uplifts already applied in the previous and current year and the forecast provided above the average CPI that is being used in 2024/25 for contractual inflation is 3%, and this will fall back down to 2% from 2025/26 onwards. There are outliers for forecasts on inflation, most notably these remain around energy prices.

### **Demand for Services**

Demand for services the council provides is driven dependent on a specific service, for Waste Management it is driven through the number of households and the total tonnage of Waste produced, for Adult Social Care the number of residents requiring packages of care or placements. For the latter an ageing demographic will have a significant impact on the amount of demand predicted to arise.

The base budget is set assuming a level of demand for services using the current financial year forecasts and based on latest evidence and trends. For 2024/25 revisions have been made to the base budget to accurately revise the level of base budget to reflect current demands in some services, with the most significant increases seen in Adults Services, Children's Social Care and SEND and SEND Transport.

### **SAVINGS**

Savings were identified as part of last year's budget setting process that included savings across the MTFs period 2023/24-2025/26 to enable business plan priorities to be delivered and also for the Councils finances to be managed and move to a sustainable footing. Some of the savings to be delivered in 2024/25 have been

assessed as not being able to be delivered or the timing of delivery has been assessed as being different from that originally expected.

The cost containment approach that has been taken identified £4.243m of savings and additional saving proposals have been put forward that total £5.498m over the MTFS.

The detail proposal for savings by each service are shown in annex 7 of this appendix.

## CAPITAL PROGRAMME

The Capital Programme is detailed in annex 9, and a summary is provided below.

New schemes totalling £106m will be added to the Capital Programme, £49m new schemes and £57m new schemes approved by Cabinet in November and December 2023. The schemes are detailed in the tables below.

The revenue financing of new schemes that are funded from borrowing has been factored in the pressures of the MTFS.

## RESERVES

The Council holds reserves to either undertake planned one off investment/spending or to deal with financial shocks/risk that face the authority in its operations.

The Cabinet has continued to be more transparent on the reporting of reserves held and has moved the Council to holding reserves that are commensurate with the level of financial risk being faced and to take opportunities as they present to ensure adequate monies are set aside to mitigate risks so that plans and priorities can be delivered.

The General Fund Reserve is the Council's reserve held to deal with all financial shocks, whatever they may be. The table below shows the estimated opening balance and the forecast future year balances as a result of taking opportunities as they arise, balances have increased to bring the reserve up to the risk assessed level, and there is no current plan to continue to increase the balance on this reserve.

### General Fund Reserve Forecast

Annex 8 provides the full detail on the general fund risk assessment. The residual balance of the Collection Fund Volatility Reserve has been amalgamated with General Fund Reserve and transfers will be recommended during the 2023/24 financial year financial reporting so that the risk on this local taxation income and the risk of future deficits will be managed as a general financial risk. With part of this balance increasing the balance held in General Fund Reserve the risk assessment value is now met by the General Fund Reserve with residual amounts in the Latent Demand and Collection Fund Volatility reserve.

Wiltshire Council Budget 2024/25 and Medium Term Financial Strategy 2024/25 to 2026/27

Annex 7 – Detail by service on Savings Proposals - proposals included in last years budget setting process updated to reflect known issues with deliverability and timing changes

Corporate Directorate	Service	Saving Proposal Description	2024/25 £m	2025/26 £m	2026/27 £m	TOTAL £m
Corporate Director People	Adult Services	Help to Live at Home (homecare) Alliance - Introduction of a flexible Home Care framework to introduce a new home care model with more effective demand management achieved through additional zones of delivery (from 3 to 15), reducing overall costs and supporting provision in hard to source areas and complex Packages of Care, increase sufficiency, improve quality and improve market sustainability/price.	(0.150)	(0.150)	-	(0.300)
Corporate Director People	Adult Services	Spot to Block placement conversions - Older People - Move from Spot to Block beds.	(0.250)	-	-	(0.250)
Corporate Director People	Adult Services	Day Services utility - The current day services are under utilised despite efforts to encourage use. A review and variation of the contract will release savings.	(0.120)	-	-	(0.120)
Corporate Director People	Adult Services	Market Intervention into Home Care - Review of existing packages of care to utilise opportunities for VCS services and increasing the use of Self Directed Support.	(0.500)	(1.000)	-	(1.500)
Corporate Director People	Adult Services	Reablement Stretch Savings - Using the reablement model to deliver a community reablement approach which delays/prevents the requirement for long term care, and that the higher dependency customers are filtered through a different part of the service, therefore using the reablement resource more effectively and efficiently.	(0.300)	(0.100)	-	(0.400)
Corporate Director People	Adult Services	The Technology Enabled Care project will work with Wiltshire Residents to deliver the new TEC strategy which will provide efficiencies and innovation and improve outcomes for our residents. Developing a TEC strategy and rolling this out across Adult Social Care will offer opportunities for cost avoidance and savings against the care budget.	(0.075)	(0.075)	-	(0.150)
Corporate Director People	Adult Services	Maximise Continuing Health Care funding decisions - Working and adhering to principles of Personalised care and the NHS Long Term Plan to ensure that vulnerable customer in Wiltshire benefit from a personal health budget by 2023/24, so they can control their own care, improve their life experiences, and achieve better value for money.	(0.350)	(0.350)	-	(0.700)
Corporate Director People	Adult Services	Working with people whose capital has depleted to adult care threshold - Work more effectively to respond quickly to referrals for those who are close to reaching the financial threshold when their capital has depleted to enable us to respond more quickly to these referrals, so people's care and financial situation are resolved more quickly.	(0.050)	(0.050)	-	(0.100)
Corporate Director People	Adult Services	Direct Payment Reviews - Ensuring Direct Payments are reviewed annually to identify whether people's needs have changed and if their Direct Payment therefore remains appropriate. This will also identify any surpluses to be returned to Wiltshire Council.	(0.250)	-	-	(0.250)
Corporate Director People	Adult Services	In accordance with the Care Act (2014), a local authority must carry out an assessment of needs where it appears an adult may have needs for care and support. If there are eligible needs the Council must consider how these needs will be met through care and support planning. The cost to the Council of meeting eligible needs will form the basis of an individual's personal budget. Within this process the Council can give consideration to achieving value for money. This means that although the Council cannot set arbitrary limits on what it is willing to pay to meet needs, it can through the care and support planning process make decisions on a case-by-case basis which weigh up the total costs of different potential options for meeting needs, and include the cost as a relevant factor in deciding between suitable alternative options. This does not mean choosing the cheapest option; but the one which delivers the outcomes desired for the best value. This option may not be the person's first choice of support.	(0.500)	(0.500)	-	(1.000)
Corporate Director People	Adult Services	Undertaking Strength Based Reviews - There are a large number of reviews outstanding. Annual reviews are part of our statutory requirement and are an opportunity for people to share with us what is working and what is not working. When people come to us for an assessment, we now have a strong strength based and preventative 'offer' at our 'front door' which is helping people achieve outcomes and remain independent of formal services and support which improves people's overall wellbeing. We want to extend that offer to people already in receipt of formal care and support to ensure that they are achieving the outcomes they want to achieve and are having as much community and other support and contact as they would like and that is available. As well as therefore improving people's wellbeing, a reduction on formal care and support services will achieve savings for the council.	(0.100)	(0.100)	-	(0.200)
Corporate Director People	Adult Services	Joint funding policy implementation with ICB - Working and adhering to principles of personalised care and the NHS Long Term Plan to ensure that vulnerable customers in Wiltshire benefit from a personal health budget by 2023/24, so they can control their own care, improve their life experiences, and achieve better value for money. Jointly develop care plans that reduce avoidable hospital admissions.	(0.075)	(0.075)	-	(0.150)
Corporate Director People	Adult Services	Taking a preventative approach - The Prevention and Wellbeing Team sits at the front door of Adult Care and enables a different conversation with people that contact us for care and support. They work in a strength-based way, with an approach that seeks to maximise people's use of personal and community assets and improve people's connectedness to their community and other networks. The team builds strong relationships with people to enable them to find their own solutions and flourish within their communities. The team supports people to remain independent of, or reduce dependence on, formal care and support services. Savings will be achieved by supporting to make use of personal and community assets instead of formal care and support.	(0.100)	(0.100)	-	(0.200)

## ANNEX 8 - GENERAL FUND RESERVE - RISK ASSESSED BALANCE

Key Financial Risks (Weighted Impact)

Risk	Quantification	ASSESSED FOR 2024/25		
		Potential Magnitude £m	Likelihood %	Weighted Magnitude £m
Non Delivery of Savings	Level of 2024/25 savings built into the budget - potential for an element of non delivery during the year based on previous years delivery rates	19.673	20%	3.930
Drop in demand for key income streams for services	Current levels to meet estimated income levels fluctuate beyond expected market conditions & customer behavioural trends	50.000	10%	5.000
Insurance Claim	Claims over and above the self insured level that are also in excess of the insurance reserve held to cover off claims. Specific reference to Emliostha claims	20.000	5%	1.000
Adult Social Care Contractual Costs & Care Provider Market	A number of factors may impact upon price inflation for commissioned care costs. One of the most significant being insufficient supply of workforce resulting in wage inflation and therefore higher costs of services. The lack of capacity in some sectors of the care market, as well as changing behaviour and need as a result of the pandemic, creates challenges around market shaping, market growth, and ultimately competitive commissioning rates. Based upon gross commissioned care expenditure of circa £175m per annum, a price inflation of 10% (above budgeted assumptions) driven by lack of capacity would equate to a cost pressure of £17.5m.	17.500	20%	3.500
Risk of adverse weather conditions	Extreme weather instances are increasing, coupled with reduced budgets	15.000	15%	2.250
Impact of key Adult Social Care large homecare contractor and/or care home going into administration / liquidation	Would require a new provider to carry out the service	20.000	10%	2.000
Realisation of future 'Accountable Body' liabilities	Financial exposure on funding being directed through projects where the Council acts as the Accountable body and the residual liabilities from the unwinding of SWLEP	50.000	1%	0.500
Collection Fund Volatility	Volatility in Collection Fund on collection rates, bad debts - assume 1% of total Collection Fund collectable for Wiltshire Council	410.000	1.0%	4.100
Collection Fund Deficits	Collection Fund deficits are funded the year following in which they arise, and occur where base assumptions are incorrect. Deficits are more likely to occur where economic conditions are worse than forecast - assume 2% of total Collection Fund with a 25% likelihood	8.200	25%	2.050
Children's Social Care increased demand for services above that built into the MTFS	Increased pressured on child in care placements, this is also a national concern & heightened given the recent high profile cases in relation to social care. Wiltshire placements have increased significantly in the last two years, there is a risk this trajectory could continue beyond preventative measures. A 10% increase in the gross expenditure of Children Social Care would be circa £7m. This is the equivalent of 14 high-cost agency residential placements.	7.000	25%	1.750
Adult Social Care reduction in the level of income received.	The move to gross payments to care providers, client debt recovery has/is become the responsibility of the Council, may increase the council's risk of irrecoverable debt.	12.000	25%	3.000
Universal Credit reducing the level of housing subsidy reclaimable from DWP as well as increasing demand for services & cost through Local Council Tax Support	The level of Universal Credit claimants has not reduced to pre-pandemic levels. This results in potential for increased overpayment recoveries from DWP as a result of the introduction of Universal Credit, and an increased demand for services and reduced level of Council Tax receipts	10.000	10%	1.000
Potential non-delivery of capital receipts to fund the capital programme and Transformation activity	Subject to property market and asset rationalisation programme / devolution	10.000	5%	0.500
Investment Loss	Based on an assessment of risk within the Council's General Fund Treasury Cash Investment Portfolio and level of default history in the sector.	200.000	0.5%	1.000
Adult Social Care increased demand for services above that built into the MTFS	Increased demand / demographic - with increasing demand for services nationally, and an ageing population being an acute pressure in Wiltshire, this could be higher.	5.000	15%	0.750
2024/25 national pay deal to be negotiated with the Unions	The pay deal negotiations for 2024/25 will need to take place but this risk is based on being 1.5% of pay over & above budgeted assumption of 4.5% in 2024/25, given the level of inflation uncertainty & national picture in respect of ongoing pay deal negotiations.	2.633	25%	0.660
Loss of VAT Partial Exemption	Total impact of losing exemption.	3.800	10%	0.380
Abortive Costs on Capital Programme	Approved Capital Programme £199m - assumed 3% default on loans to Stone Circle due to schemes not being successful and 2% abortive costs on remainder being mainly fees on schemes that prove not to be viable.	4.810	5%	0.240
Planning Appeals	Estimated cost to the Council of successful planning appeals, no longer mitigated through other reserves.	1.500	25%	0.380
<b>Total</b>				<b>33.990</b>
